

## KEEP CALM AND CARRY ON AS PROUD UNIONISTS

You've now seen materials from the Union and from WAMMCO.

It's safe to say that we don't agree with one another!

WAMMCO has tried to insist that workers are better off with the current agreement.

It's hard to agree. After all, earlier this year WAMMCO lodged a new agreement with the FWC. The FWC raised concerns whether it was better than the Award, even though that agreement was superior to your current agreement.

If a new superior agreement was not better than the Award, how does WAMMCO expect you to believe that the current agreement is!?

Just remember: whether or not to terminate your current agreement is up to the Fair Work Commission. The Fair Work Commission will consider all of the evidence and make a decision.

### **THE UNION WANTS BETTER WAGES AND BETTER CONDITIONS FOR WAMMCO WORKERS.**

The Union will continue to negotiate for a new agreement that is better than the Award. We made that promise, and we have kept it.

The termination of your current agreement is one way to improve conditions.

Another way to advance bargaining and improve conditions is to apply to take strike action. The Union can apply for a Protected Action Ballot on behalf of Union Members.
